Government of India
Ministry of Rural Development
(Department of Rural Development)
Rural Skills Division

New Delhi, dated 24th February, 2016

Notification No. 11/2016

Subject: Use of SECC database for mobilization of DDU-GKY candidates.

Section 3.1.1 of DDU-GKY Guidelines provides, inter-alia that "a youth from a household covered under auto inclusion parameters as per SECC, 2011" shall also be eligible for DDU-GKY skilling courses. It is stated that Ministry of Rural Development (MoRD) has notified vide No J-11014/01/2014-RL dated 9th December 2015 (copy enclosed) that all States/UTs shall use the SECC data to undertake planning and implementation of all programs under NRLM.

2. In order to ensure compliance with the said notification, all SRLMs/ Nodal State Skill Missions are hereby requested to download the data of eligible candidates from SECC portal (<http://secc2011.nic.in/>) and direct all DDU-GKY PIAs to use the same for mobilization of candidates for their training batches. A user guide for State Govt. to access and use SECC data is enclosed with this notification.

3. The data of eligible candidates for DDU-GKY program downloaded from SECC portal may be shared with PIAs by uploading it on SRLM website. All Project Implementing Agencies conducting DDU-GKY projects in the State may be directed to certify that SECC data has been used in their mobilization activities.

4. In case of any assistance required in using SECC data, SRLMs/ Nodal State Skill Missions may contact the following:

- i. Sh. Vijay Kumar (Mob: 8826544772, Email: vijay.k@ddugky.gov.in)
- ii. Sh. Anisur Rahman (Mob: 9899853654, Email: Anisur.rahman82@ddugky.gov.in).
- iii. State Informatics Officers (Details available on webpage "<http://www.nic.in/whoswho>").

5. This notification does not restrict a State or PIA to use other eligibility criterion given in DDU-GKY guidelines and those shall also remain valid to use for DDU-GKY program.

6. This issues with the approval of the competent authority.

The Principal Secretary
Department of Rural Development

Subject:- Modification in the Implementation Framework of National Rural Livelihoods Mission

Sir/Madam,

I am directed to say that the Government of India has approved the following modifications/amendments in the implementation framework of NRLM for more effective and smoother implementation of the programme.

1. Renaming of the Programme and its convergence with National Urban Livelihoods Mission:

The National Urban Livelihoods Mission being implemented by the Ministry of Housing and Urban Poverty Alleviation and the National Rural Livelihoods Mission being implemented by the Ministry of Rural Development will be converged into a single scheme and named as "Deendayal Antyodaya Yojana" (DAY). Any change in the operational modalities in NRLM as a result of this convergence will be communicated separately, if necessary.

2. Use of SECC data for planning:

The National Rural Livelihoods Mission will use the data from the Socio Economic and Cast Census (SECC) 2011 to undertake planning for poverty free Panchayats involving the PRIs and Self Help Groups (SHGs) of poor households. The SECC data uses National Population Register's Temporary Identification Number for identification of households. The same will be used in all rural development programmes to enable better convergence and tracking over time. While SECC data will be used for core planning, the process of Participatory Identification of Poor, which is a core element of social mobilisation under NRLM, will also be continued. Detailed guidelines as to the procedure to be followed for identification of beneficiaries will be issued separately.

3. Extending Interest Subvention Scheme (Category -I) to 100 more districts:

At present an Interest Subvention Scheme is being implemented in 150 select districts to provide Interest Subvention to all women SHGs to avail loans upto Rs.

3.00 lakh at an interest rate of 7% per annum with an additional 3% subvention in the case of prompt repayment. This scheme will now be extended to 100 more districts from 01.04.2015. The criteria for identification of additional districts will be as follows:

- i. All new districts declared as IAP districts which were not covered in the earlier list of 150 districts will be included.
- ii. The remaining districts will be allocated to States on prorata basis in proportion to the total number of districts in the States/UTs. The respective States will identify the eligible districts from among the intensive districts.

Number of additional districts allocated to the States will be communicated separately. The operation of this Scheme in the additional districts would be governed by the guidelines issued by the Ministry/RBI/NABARD from time to time.

4. Merger of the allocation for Interest Subvention (Category -II) with NRLM allocation:

Under Interest Subvention (Category-II) in districts other than those mentioned in Para 3 Interest Subvention is presently being provided to NRLM compliant women SHGs for availing loans upto Rs.3.00 lakhs from banks at an interest rate of 7% per annum. The allocation for this Interest Subvention is being communicated to States every year on the basis of an approved formula. It has now been decided that there would be no separate State-wise allocation for Interest Subvention (Category-II) from next financial year. The annual allocation for the States under NRLM will be fixed every year based on poverty ratio and the States would be allowed the flexibility to utilize a portion of this allocation (not exceeding 50% of the total annual allocation of NRLM) for Interest Subvention (Category-II) based on actual claims.

5. Special Package for North Eastern States:

It has been decided to accelerate the phase of implementation of NRLM in the North Eastern States (excluding Assam which is already covered under NRLP) to cover all vulnerable rural households estimated at 2/3rd of the total rural households in these States by the year 2023-24. In order to achieve this objective the State-wise allocation of funds to all North Eastern States (except Assam) would be made on a need basis without linking it to the poverty ratio of the States.

The NE States covered under the special package are required to prepare an Action Plan for implementation of the special package. The additional requirement of funds for the current financial year over and above the allocation may be communicated by the States to the Ministry urgently.

6. Allocation of funds for Aajeevika Skills (DDU-GKY):

According to the existing implementation framework the allocation for Aajeevika Skills (DDU-GKY) is subject to a ceiling of 25% of the NRLM allocation. It has been decided to remove this ceiling and make provision for Aajeevika Skills on a demand driven basis within the overall budgetary provision available under NRLM.

7. Modification in the Skill Empowerment & Employment Programme (HIMAYAT) for Jammu & Kashmir:

It has been decided to remove the existing cap of Rs. 235.30 Crore on the total outlay for HIMAYAT for a period of five year and fix the allocation as per requirement within the overall budget provision under NRLM. The target for placement linked skilling in HIMAYAT shall be demand based which this Ministry may revise from time to time based on requirements. The funding under HIMAYAT would continue to be 100% by the Central Government.

8. Professional Management Cost (Administrative Expenses):

Approved modifications are as follows:

- i. The admissible ceiling for professional management cost (administrative expenses) under NRLM would be enhanced to 6% of NRLM allocation (excluding NRLP).
- ii. Aajeevika Skills would also be allowed administrative expenses equivalent to 6% of its total allocation.
- iii. Expenditure under NRLP as per terms of the Project Implementation Plan and Financing Agreement with World Bank will not be treated as administrative expenses and will be kept outside the purview of the above ceiling.

The Administrative expenses will include salary and allowances of staff including contract staff, set up cost of offices, monitoring and evaluation and IEC, recurring operational cost such as rental, stationary, communications, vehicles and other office expenses at the staff and district level.

The 'Framework for Implementation' is being revised to incorporate the changes and the same will be circulated separately. In the meantime you are requested to take all necessary action to operationalise the above decisions.

Yours faithfully,

(Atal Dulloo)
